About this week's program

The Outstanding Career and Technical Education award and the Outstanding Math/Science awards are \$1,000 scholarships given each year to local MCPS seniors.

Additional details on the awards and information on this year's recipients is on the next page.

Local News

The Outstanding Career and Technical Education award is a \$1,000 scholarship to encourage good personal character and vocational careers among Career and Technical Education students. The nominee must be a MCPS senior, completing the final year of CTE studies. The nominee must also be planning to attend a community college or technical school next fall to complete an Associate Degree (or similar degree) in a career and technical field.

This year we have selected two CTE applicants:

Kai Marshall is a graduating senior at BHS. Kai was a member of both the baseball and football team during his high school career. He is also a proud member of the Blacksburg volunteer fire department. Kai's future plans are to attend VT in the Agricultural Technology program in the Applied Agriculture Management program.

Aislin Klair Roark is a senior at Auburn high school with a dual enrollment in the ACCE transfer program. She was on the honor roll and NRCC's dean's list and maintained top 5% of her junior class. She plans to attend NRCC in Visual Communication Design Specialization AA and S.

This year we have selected three scholarship recipients for the Outstanding Math/Science Award. The award is also given to a MCPS senior with outstanding credentials and the goal of further pursuit of a Math or Science education. Proper ethics, character, service to other, and past math/Science achievements weigh heavily in the selection process.

Zoe Altizer is a senior at Auburn High School where she was selected for the NRCC's President award and currently on the honor roll. She graduated with a 4.25 GPA and plans to attend VT to obtain a bachelor's degree in Biological studies at the honors college and continue to medical school in Osteopathic medicine.

Jackie Hou attended Blacksburg High School and was President of the Science Olympiad team. She has a 4.5 GPA and her plan is to attend VT with a biochemistry premedical major. She is Atlanta with the Science Olympiad team representing VA as a state champion team.

Audrey Link attended Blacksburg High School and was on the senior honor roll with a weighted GPA of 4.44. She was treasurer of the National Honor Society and AP scholar with distinction. Audrey plans to pursue a double major in Computer Engineering/Computer Science with a goal of future research in quantum computing and cybersecurity.
